

## G-300 weight only scales

### Weight only scales with RS-232.

Dimensions (in mm)

<b>Models</b>	F-200: Powered by mains (230 V). F-200 B: Powered by mains or rechargeable battery.
<b>Format</b>	Flat.
<b>Capacity - Accuracy</b>	6 kg - 2 g # 15 kg - 5 g / 15 kg - 5 g # 30 kg - 10 g.
<b>Display</b>	One LCD backlight display.
<b>Communications</b>	RS-232 port. The change of protocol is made by telecharging the new one from the PC.
<b>Supply</b>	Multisupply: Mains or mains + rechargeable battery (depending on model).  In case of mains failure, the scale would automatically begin operating with batteries or rechargeable battery. The internal battery is recharged from the very scale.  Rechargeable battery: up to 120 hours, with fully charged battery and backlight off.

Especifications valid except for printing error and subjected to change without prior notice.
